Dear Friends at the Council of European Municipalities and Regions,

Have you ever wondered how to make cities more youth friendly and create environment that truly benefits young people?

If you shout *YES* but still do not have an answer: Don't despair - here is an answer: The European Youth Capital initiative is a title awarded by the European Youth Forum. It is granted to a European city for a period of one year that puts young people at the core of the city's social, economic, cultural and political life. Since 2014 the Congress of Local and Regional Authorities of the Council of Europe is an official endorsing partner of the EYC title. More information can be found [here](#).

We are thrilled to announce to you that the application process for the **European Youth Capital 2021** competition is already open! You can go to the dedicated website to find out more about the call and the application procedure [here](#)!

Interested and want to get more information? Just message our Policy Officer on Participation, Rita Jonusaite (rita.jonusaite@youthforum.org) and she will be happy to guide you through the process.

Please feel free to disseminate information on the call within your networks and help us **YouthUP** cities across Europe!

Who are we: European Youth Forum is the platform of youth organisations in Europe representing 104 youth organisations both National Youth Councils and International Non-Governmental Youth Organisations, bringing together millions of young people from all over Europe in order to represent their common interests. More information is available [here](#).

Best,

Rita Jonusaite
