

A two-story white building with peeling paint and several windows. The building has a gabled roof and a concrete cornice. The windows are arranged in two rows: two on the second floor and two on the first floor. The paint is significantly worn, especially around the windows and on the lower level. The windows on the second floor have blue curtains, while the windows on the first floor appear to be boarded up or have dark interiors.

A white van parked on a gravel lot. The van has a dark stripe along the side and a logo on the side door. It is parked next to a signpost and a wooden pallet. A red car is partially visible behind the van.

A signpost with a circular sign. The sign is blank or the text is illegible. The post is made of metal and has a yellow base.

A dark, modern building with a flat roof and large windows. It is located to the left of the white building. The building has a dark facade and appears to be a multi-story structure.

A gravel lot and a grassy area. The gravel lot is in the foreground, and the grassy area is in the middle ground. There are some yellow flowers scattered in the grass.
