Sæl og blessuð Rósa - barst ábending um þessa undirskriftasöfnun varðandi að Hafnarfjarðarbær komi upp stytta af Stefáni Karli Stefánssyni nú þegar hann er fallinn frá.

Vildi að þið vissuð af þessu og getið þá myndað ykkur skoðun á málinu.

Held nú sjálf að aðrar leiðir væru betri til að halda minningu hans á lofti - eitthvað sem gæfi meira af sér til samfélagsins en stytta. Leikvöllur með Latabærjarleiktækjum og fallegum gróðri er ein hugmynd.

Subject: Place a Statue of actor Stefán Karl Stefánsson in his hometown of Hafnarfjörður, Iceland.

Good day.

Since the day that Stefán Karl Stefánsson, the famous actor who played the role of Robbie Rotten in the television show "Lazy Town", a considerable number of people have been signing a petition to place a statue of Stefán Karl Stefánsson in his home town in order to honor him. I am aware this may not be the first time someone sends an email to the director of the museum in Hafnarfjörður, but this is quite an important request considering the amount of people involved in it.

Here is the link to the petition:

https://www.change.org/p/iceland-pm-office-place-a-statue-of-actor-stefán-karl-stefánsson-in-his-hometown-of-hafnarfjörður-iceland-stefan-karl-stefansson?recruiter=false&utm_source=share_petition&utm_medium=copylink&utm_campaign=share_petition

We must have the Hafnarfjörður Town Council to consider our request and if possible accept it.

I have contacted the director of the museum thinking she might have a connection with the Hafnarfjörður Town Council in order to mention him this request of ours.

Thanks for your attention and please consider this request.
