Arrival. Pick-up at Keflavik International Airport and check-in at Hotel Viking

18:00 Opening ceremony at Hafnarfjörður Town Hall

Welcome by the Chairman of the Town committee – Rósa Guðbjartsdóttir
Introduction of the Twin Cities

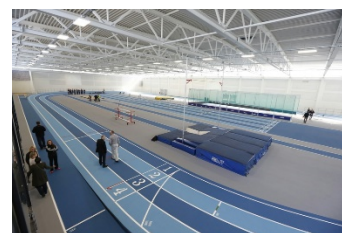

19:00 Dinner in the Tower of Fjörður

Friday 2 June

Breakfast at the hotel

09:00 Trip around Hafnarfjörður by bus

Hafnarfjörður is a great sportground with a high level of participation in sports activities in both gender and all ages. It is becoming a fact that the good facilities Hafnarfjörður boasts has contributed widely to the performance of young athletes born and raised in the municipality. In a tour around Hafnarfjörður Ásvallalaug thermal pool will be visited. After the visit to the pool new areas where development stopped due to the financial crises in 2008 will be explored. There the master plan and overall planning have been modified in line with changed values and needs. The Social center of senior citizens and Kaplakriki sportshall will also be visited.

11:30

Lunch at Von Mathús

13:00

Seminar at Hafnarborg – Centre of Culture and Fine Art

Evidence based primary prevention – The Icelandic Model

Jón Sigfússon - The Icelandic Centre for Social Research and Analysis (ICSRA)

Welcome by the Chairman of the Town Council – Guðlaug Kristjánsdóttir

Official speeches and dinner in the courtesy of the Town Council

Saturday 3 June

Breakfast at the hotel

Pick-up to Keflavik International Airport

09:30

Excursion: Reykjanes peninsula

The Reykjanes peninsula, a UNESCO Global Geopark sitting on the doorstep of Hafnarfjörður in Southwest Iceland, is an area of large lavafields, volcanoes and strong geothermal activity. Guests will be visiting Seltún, an important high temperature geothermal area, the bridge between the continents, view rich birdlife along with some of the most powerful breaker waves you are likely to encounter and visit the Power Plant Earth at Reykjanes power plant.
