Dear Friends,

On behalf of the city of Frederiksberg I am honoured to invite three official municipal delegates with spouses to take part in the main programme of the Twin City meeting in Frederiksberg on May 28th-30th.

The theme of next year's Twin City meeting will be 'Progressive town planning projects', including 'architectural quality, culture, identity and Nordic brand'. I am certain it will be interesting and relevant to all of us.

The detailed programme and further practical information will be sent to your Twin City coordinator.

I look forward to seeing all of you in May!

Yours sincerely,

Jørgen Glenthøj
Mayor
